

EURAXESS project ERA TALENT Platform Webinar on “Open science and IPR”

ONLINE session: [Join the meeting now](#)

Please register at: <https://www.euraxess.gr/greece/events/euraxess-project-era-talent-platform-webinar-open-science-and-ipr-0>

23 April 2024- 10:00-12:30 C.E.T.

Objectives:

- Increase awareness of the researchers’ community at European and global level about the different aspects of Open Science (OS), enabling them to understand OS main objectives for better and easier diffusion of knowledge and international collaboration;
- Enable researchers at European and global level to get deeper insight into elements of OS and gain practical experience in the implementation of the OS principles, through real-life examples and exercises;
- Stimulate researchers’ transferable skills on how to protect the intellectual rights in the era of open science.

Speakers:

Prof. Miroslav Trajanovic, University of Nis, Mechanical Engineering Faculty –Nis, Serbia

Prof. Nikola Korunovic, University of Nis, Mechanical Engineering Faculty –Nis, Serbia

Agenda:

<u>Time</u>	<u>Title</u>	<u>Speaker</u>
10:00 – 10.20	1. Principles and concepts of Open Science	Prof. Nikola Korunovic
10.20-10.50	2. Open Science Policies 3. Citizen Science	Prof. Miroslav Trajanovic
10.50 – 11.40	4. Open Access- Open Peer Review, Metrics and Evaluation 5. Open Licensing, Intellectual Property Rights	Prof. Nikola Korunovic
11.40 – 12.00	6. Open Research Data and Materials 7. Open Research Software and Open Source	Prof. Miroslav Trajanovic
12:00 – 12:30	Q&A and discussion
